**GO DADDY DONATES \$100,000 TO LOCAL CHILDREN'S CHARITY,
THE COMMUNITY DENTAL FOUNDATION**

Phoenix, Ariz. (April 30, 2012) – Go Daddy, the world's largest provider of [Web hosting](#), [domain names](#) and new [SSL Certificates](#), is partnering with the Community Dental Foundation to fight severe tooth decay in the most underserved populations of children. While children are receiving care aboard the new mobile dental clinic, Go Daddy is set to present a \$100,000 gift to the Community Dental Foundation on Wednesday, May 2, 10 a.m. at the Children First Academia School on 374 North 6th Ave in Phoenix.

The Community Dental Foundation operates mobile dental clinics, delivering emergency and restorative dental surgery to the most impoverished communities across Maricopa County. This year, Go Daddy's sponsorship will provide service to thousands of uninsured children in more than 200 local communities.

"Go Daddy wants to *make a difference* in our community for families who are unable to afford proper dental care," said Tom Guza, who is set to present the substantial check and serves as Go Daddy's Dream Design Team Senior Manager. "By giving these kids access to good dental hygiene and well-being, we like to think we're giving the gift of a great smile and healthy step into the future."

These children reside in dire circumstances including homeless and abuse shelters and inner city projects. Since many of these children have never owned a toothbrush, they come to clinics in significant pain.

“In this economy, corporate giving is significantly down across the nation and grant awards are harder to come by. Non-profits are struggling to keep their doors open,” said Kelly Richardson, Corporate and Foundation Relations for the Community Dental Foundation. “Without this generous gift from Go Daddy, thousands of the most at-risk children in our community would be without dental care.”
